Subject: Tracking Information for Tomorrow's Production Meeting
Attachments: MPB Microbial Production Chart - Pending Actions 03-13-2017.docx; MPB Phase Tracking Chart.xlsx

All:

Attached to this email, please find the latest tracking information:

- (1) Excel spreadsheet – We will go through this information tomorrow. Please pay attention to text in red and/or followed by a question mark and be prepared to discuss items that are relevant to your actions.
- (2) Word document – Summary of microbial actions that I revised last week. I will be revising this summary again later this week. This is really just an FYI (in case you like details).

See everyone tomorrow for this meeting for the first time in over a month . . . Looking forward to your valuable updates!

Jeannine
